

Brand Operating Manual

This manual establishes the definitive rules for 'On The Spot' communications. Our tone must always reflect our luxury positioning: authoritative, meticulous, yet deeply accessible. Adherence to these guidelines ensures a consistent, high-end experience across all touchpoints.

Tone of Voice

Our language is precise and elevated. We avoid jargon but embrace sophisticated terminology that conveys expertise. We speak to our clients as respected peers, guiding them with confidence.

✓ Do

"Our artisans employ specialized techniques to restore the original luster of your silk drapery."

Use authoritative, descriptive language.

✗ Don't

"We clean curtains really well and make them look new again."

Avoid generic, simplistic phrasing.
